Teknion's Sustainability Commitment

Teknion embraces sustainability as a fundamental practice, consistent with the principles that guide our business endeavors. We will continue to implement sustainable solutions because these practices are essential to the future social, economic and environmental variability of our world.

Policy

"We will ensure that the environmental impacts on our products and processes is minimized by dedicating our efforts to prevention of pollution"

Environmental Management System:

ISO 14001 Certified, certification includes 17 manufactures, corporate office and the US sales office.

Waste Reduction / Recycling Programs

Each facility conducts yearly waste audits and develops programs based on the findings. Since inception waste diversion has gone from 45 % to 70 %.

Audits

Audits of the Environmental Management System and Quality system are conduct internally (60 certified internal auditors) every three months and external audits are conducted yearly.

ISO 14001 - 1996 Environmental Management System

ISO 9001 - 2000 Quality System

Doug Hietkamp

Director of Sustainable Development Programs
