

Product: TOS, Panel
Product Code: PM 6648 Fabric Elements with 15 " Double Glass Element
Manufacture: Location: Toronto (LEED - CI & NC - 5.1)
Contact: Your sales representative
 US: 877-TEKNION (835-6466)
 Canada: 416-661-3370
 International: 416-661-3370

Design: Due to the various furniture system requirements of the TOS Panel, the product is by design very durable. This durability attribute along with its integral design feature of changeable elements and height frame extension add ons, all contribute to extending the life of the product. Most components on the product can also be disassembled for recycling separation at end of life

Manufacturing: Components manufactured using an Auto nesting program, gives a high yield of material usage. The use of a Powdercoat finish has virtually eliminated VOC's and the overspray is recovered and re-applied.
