DRYWALL RESTRICTIONS	153
ADJACENCY CONDITIONS	154
FOCUS WALL™ LINKING STRIPS	155
FOCUS BOARD™ BASICS	156

focus wall basics

Focus Walls provide a vertical writable or tackable surface for collaborative environments.

- The 48" height matches up with the datum heights of the Altos working wall for applications where dry wall meets perpendicular to an Altos wall
- The 42" height is most appropriate for use in private dry wall offices and can be mounted from worksurface height to line up with casegood datum lines

drywall restrictions

The following illustrations demonstrate installation restrictions and are necessary to know in order to accurately specify Focus Wall lengths appropriate for each room and conditions.

The distance between the end of the Focus Wall and the perpendicular wall should be a minimum of 3"

When two Focus Walls are mounted on perpendicular walls, both must be placed a minimum of 5" from the wall

adjacency conditions

Focus Walls can be specified with a variety of combinations of Tackboards and Whiteboards.

When specifying the Focus Wall Tackboard (AFWT), adjacency conditions must be specified to ensure that the appropriate amount of linking strips is provided for the application desired

Full Tackboard

When a full tackboard is desired, Adjacency Condition "N" (Not adjacent to another Whiteboard or Tackboard) should be selected

* Linking Strips provided if 144" Tackboard (AFWT144) is selected
 AFWF48144 (Frame)
 AFWT48144_N (Tackboard)

Tackboard/Whiteboard Combination (or Tackboard/Tackboard combination of 2 different fabrics)

When a combination Tackboard/Whiteboard/Tackboard is desired (with Whiteboard the middle), Adjacency condition "S" (Adjacent to one Whiteboard or Tackboard of another fabric) should be selected for each tackboard.

Note: When separated by a Whiteboard, each tackboard should be specified separately (For example 2 x 48" not 96")

AFWF48144 (Frame)
 AFWW4848 (Whiteboard)
 2 x AFWT4848_S (Tackboard)
 or
 AFWF48144 (Frame)
 AFWT4848_N (Tackboard with Fabric A)
 2 x AFWT4848_S (Tackboard with Fabric B)

Tackboard Whiteboard Combination (or Tackboard/Tackboard combination of 2 different fabrics)

When a combination Whiteboard/Tackboard/Whiteboard is desired (with 2 Whiteboards on the ends), Adjacency condition "D" should be selected

AFWF48144 (Frame)
 2 x AFWW4848 (Whiteboard)
 AFWT4848_D (Tackboard)
 or
 AFWF48144 (Frame)
 2 x AFWT4848_N (Tackboard with Fabric A)
 AFWT4848_D (Tackboard with Fabric B)

focus wall linking strips

The following chart indicates the number of panels and linking strips provided.

Although the maximum width available for both the Focus Wall Whiteboard (AFWW) and Focus Wall Tackboard (AFWT) is 20' (240"), the maximum width of a single panel of whiteboard is 8' (96") and of a tackboard is 4' (48"): Larger sizes comprise of various sized panels totalling the width specified in the product code: Linking strips are required to connect these panels together and automatically come with the order when the Whiteboard or Tackboard is specified in sizes larger than 96" (Whiteboard) or 48" (Tackboard).

Whiteboard (AFWW)

Specified Width	Panels Provided	Linking Strips Provided
24" – 96"	1 Panel	none
102" – 192"	2 Panels of equal width	1
198" – 240"	3 Panels (middle is 96", sides are equal width)	2

Tackboard (AFWT)

Specified Width	Panels Provided	Linking Strips Provided
12" – 48"	1 Panel	none
54" – 96"	2 Panels of equal width	1
102" – 144"	3 Panels (middle is 48", sides are of equal width)	2
150" – 192"	4 Panels (2 middles are 48", sides are of equal width)	3
198" – 240"	5 Panels (3 middles are 48", sides are equal width)	4

focus board basics

The Focus Board is a self-contained, closeable, whiteboard which provided a writable work tool.

Focus Board (AFWB)

- No other components within this section (Frame, Whiteboard, Tackboard etc) need to be specified for the Focus Board to function
- A blocking arm comes on each door to lock it into a 180° position when open
- Has an aesthetic tie to the *Audience* Boardroom furniture
