

Xpress YKST

Keyboard Support Backstop

What's Included

1 backstop, two-way tape and mounting screws.

Notes

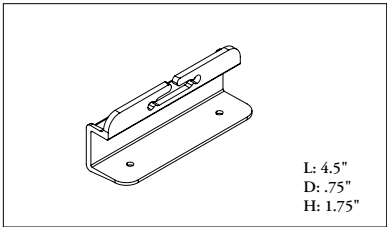

Mounted to the back edge of a keyboard support.

Can be mounted with two-way tape or with mounting screws.

Location of the backstop on the surface edge is user defined to prevent the keyboard or mouse from sliding off the adjustable surface.

Can be used on 1" thick worksurfaces.

Finished in Black.
