

HNBEPP

Navigate Power Pole

Navigate Power Pole routes a Ceiling Feed and data cables from the ceiling to the Height-Adjustable Bench.

WHAT'S INCLUDED
1 Power Pole, mounting bracket (specified style), mounting hardware.

NOTES
Mid Condition - Standard and Mid Condition - 120 requires the specification of a Power Pole Provision in the appropriate cover/gable.
Mid Condition requires all surrounding worksurfaces to be specified with a resultant 5" gap.
End Condition requires an End Cover - Metal be used for attachment and cable routing.
End Condition mounts directly to the center of the leg brace in-line with the Wire Channel.
