

The Panel Add-On with Thick Top Trim Screen – Glass is added on top of Panels to provide a lighter, frameless alternative to Panel Add-Ons.

WHAT'S INCLUDED

1 glass screen, thick top trim, attachment hardware.

NOTES

Clear Standard Glass (5) is a clear tempered glass.

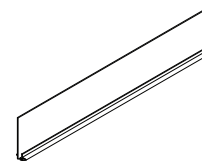

Frost (FT) is a single-sided etched tempered glass.

Satin (FB) is a double-sided etched tempered glass.

Glass is 6mm thick.

Compatibility Kit is required when mounting Panel Add-On Screen – Glass (KPGA) or any "Cable Way" (non high capacity) Leverage Panels that was purchased prior to June 28, 2011.
