**Expansion Casegoods offers a wide variety of reception desks. They can be used to create other styles of reception stations.**

- The Straight Reception Desk Module is compatible with the Main Worksurface with Two Gables (B_CWG) only. For other product compatibility, see the Expansion Casegoods standard desk product list below.
- The Reception Desk Elements can be specified separately.
- Dimensions listed below are nominal, widths of desk modules are increased so desks at actual sizes can be fitted in. For exact dimensions, refer to specification software.

**Reception Desk Module – Straight (B_CRF)**

- Worksurfaces and gables are available in two (M, X) of the three original Expansion Casegoods thicknesses.
- When 1 3/16” (M) thickness is specified, the gables are 1” thick.
- When 1 9/16” (X) thickness is specified, the gables are 1 1/2” thick.
- The number of worksurfaces and inset panels can vary depending on the width specified. Refer to the Reception Desk Module Configurations in the Application Guide for more details.
- Inset panels are available in 1” thick.
- In addition to fit with the main worksurface (B_CWG), it can also be connected with:

  Expansion Casegoods Standard Desks:
  - All Rectangular Desks
  - All Corner Desks
  - All Extended Corner Desks
  - All Extended Peninsula Desks, except: (B_BWW, B_RPW or B_RPC)

**The Straight Module and Main Worksurface must be specified this way:**

**Example:**

- Reception module gable thickness and bracket clearance gaps are added to the nominal width.
- This product also offers off-modularity capabilities. Refer to the Reception Desk Applications in the Application Guide for details.
Main Worksurface with Two Gables – Reception Desk (B_CWG)

- **Cannot** be used with L- or U-Shaped Reception Desk Module
- The worksurfaces and gables are available in the same style/thicknesses (D, M, X) as original Expansion Casegoods products
- When 1” (D) or 1 3/16” (M) thickness is specified, the gables are 1” thick
- When 1 9/16” (X) thickness is specified, the gables are 1 1/2” thick
- The number of worksurfaces can vary and a half gable can be added depending on the width specified. Refer to the Main Worksurface & Return for Reception Desk Configurations in the Application Guide for more details
- **Cannot** be used alone. Both ends of the worksurface must be attached to the Straight Reception Desk Module
- Worksurface can be specified with grommets (The Cable Trays are also provided, when the grommets are specified). Two grommet position styles are available:
  - Both Ends (B)
  - Centered (C) (this option cannot be specified when 78” or 84” worksurface width is specified)
- All 28” high Freestanding Storage and the Multi-Functional Drawer can be specified separately and installed under the worksurface
- **Cannot** support any storage or Wall Panel

Rectangular Grommets

- All Main Worksurfaces and Return for Reception Desks are available with factory-made grommet cut outs
- Provide openings for electrical wiring and communication cables
- Can be changed with Elliptical Grommet (BLGE) which can be specified separately
- When grommets are specified, the Cable Trays are also provided and is mounted below any worksurface to manage cables coming from the worksurface level
L-shaped reception desk module basics

Expansion Casegoods offers a wide variety of reception desks. They can be used to create other styles of reception stations.

- The L-Shaped Reception Desk Module is compatible with the Main Worksurface with One Gable (B_CWL) which can also be fitted with a Cross Grain Return (B_CWR). For other product compatibility, see the Expansion Casegoods standard desk product list below.
- The Reception Desk Elements can be specified separately.
- Dimensions listed below are nominal, widths of desk modules are increased so desks at actual sizes can be fitted in. For exact dimensions, refer to specification software.

Reception Desk Module – L-Shaped (B_CRL)

- Worksurfaces and gables are available in two (M, X) of the three original Expansion Casegoods thicknesses.
- The number of worksurfaces and inset panels can vary depending on the width specified. Refer to the Reception Desk Module Configurations in the Application Guide for more details.
- Can be specified left or right (shown). The configuration is determined by the side of the return width in sitting position.
- Inset panels are available in 1” thick.
- In addition to connect to the main worksurface (B_CWL) and return (B_CWR), it can also be connected with:
  - Expansion Casegoods Standard Desks*:
    - All Rectangular Desks
    - All Corner Desks
    - All Extended Corner Desks
    - All Extended Peninsula Desks, except: (B_BWW, B_RPW or B_RPC)

*When fitting a single desk in the Reception Desk Module – L-Shaped, make sure at least one dimension of the Reception Desk Module is greater than those of the desk to enable installation.

The L-Shaped Module, Main Worksurface and Return must be specified in this way:

Example:

- Reception module gable thickness, overhang of return worksurface depth and bracket clearance gaps are added to the nominal width.
- This product also offers off-modularity capabilities. Refer to the Reception Desk Applications in the Application Guide for details.
L-shaped reception desk module basics (continued)

Main Worksurface with One Gable – Reception Desk (B_CWL)
• Worksurfaces and gable are available in the same style/thicknesses (D, M, X) as Main Worksurface with Two Gables
• The number of worksurfaces can vary and a half gable can be added depending on the width specified. Refer to the Main Worksurface & Return for Reception Desk Configurations in the Application Guide for more details
• **Cannot** be used with Straight or U-Shaped Reception Desk Module
• **Cannot** be used alone. It must be attached on the module, particularly to the junction of the two inset panels
• Worksurface can be specified with grommets (The Cable Trays are also provided, when the grommets are specified). Two grommet position styles are available:
  – Both Ends (B)
  – Centered (C) (this option **cannot** be specified when 78” or 84” worksurface width is specified)
• All 28” high Freestanding Storage and the Multi-Functional Drawer can be specified separately and installed under the worksurface
• **Cannot** support any storage or Wall Panel

Cross Grain Return – Reception Desk (B_CWR)
• Worksurfaces and gable are available in the same style/thicknesses (D, M, X) as Main Worksurface with Two Gables
• **Cannot** be used with Straight Reception Desk Module
• **Cannot** be used alone. It must always be connected to the straight user edge on a Main Worksurface with One or without Gable and to the inset panel of the Reception Desk Module Return
• Worksurfaces can be specified without or with grommet (The Cable Trays are also provided, when the grommets (C or E) are specified). Two grommet position styles are available:
  – Centered (C)
  – End Grommet (E)
• All 28” high Freestanding Storage and the Multi-Functional Drawer can be specified separately and installed under the worksurface
• **Cannot** support any storage or Wall Panel
U-shaped reception desk module basics

Expansion Casegoods offers a wide variety of reception desks. They can be used to create other styles of reception stations.

- The U-Shaped Reception Desk Module is compatible with the Main Worksurface (B_CWU) which can also be fitted with a Cross Grain Return (B_CWR). For other product compatibility, see the Expansion Casegoods standard desk product list below.
- The Reception Desk Elements can be specified separately.
- Dimensions listed below are nominal, widths of desk modules are increased so desks at actual sizes can be fitted in. For exact dimensions, refer to specification software.

![U-Shaped Reception Desk Module](image)

Reception Desk Module – U-Shaped (B_CRU)

- Worksurfaces and gables are available in two (M, X) of the three original Expansion Casegoods thicknesses.
- The number of worksurfaces and inset panels can vary depending to the width specified. Refer to the Reception Desk Module Configurations in the Application Guide for more details.
- Inset panels are available in 1" thick.
- In addition to connect to the main worksurface (B_CWU) and return (B_CWR), it can also be connected with:
  - Standard Desks Expansion Casegoods*:
    - All Rectangular Desks
    - All Corner Desks
    - All Extended Corner Desks
    - All Extended Peninsula Desks, except: (B_BWW, B_RPW or B_RPC)
    - All Bridges (B_RBL or B_RB)

* When fitting a single desk in the Reception Desk Module – L-Shaped, make sure at least one dimension of the Reception Desk Module is greater than those of the desk to enable installation.

The U-Shaped Module, Main Worksurface and Two Returns must be specified in this way:

Example:

```
Example:

Main Width

24" – 84" w

102" w

U-Shaped Module

Main Worksurface

Cross Grain

Returns

Main Width

Return Width

(72")

Main Worksurface

Depth (24")

Overhang of return worksurface depths and bracket clearance gaps are added to the nominal width.

This product also offers off-modularity capabilities. Refer to the Reception Desk Applications in the Application Guide for details.
Main Worksurface – Reception Desk (B_CWU)

- **Cannot** be used with Straight or L-Shaped Reception Desk Module
- It must be specified the same width than the Reception Desk Module Main Inset Panel
- Worksurfaces and half gable (if applicable) are available in the same style/thicknesses (D, M, X) as Main Worksurface with Two Gables
- The number of worksurfaces can vary and a half gable can be added depending on the width specified. Refer to the Main Worksurface & Return for Reception Desk Configurations in the Application Guide for more details
- Worksurface can be specified with grommets. Two position styles are available:
  - Both Ends (B)
  - Centered (C) (this option **cannot** be specified when 78” or 84” worksurface width is specified)
- Height is 29” from floor to top of finished worksurface
- All 28” high Freestanding Storage and the Multi-Functional Drawer can be specified separately and installed under the worksurface
- **Cannot** support any storage or Wall Panel
reception desk element basics

The Reception Desk Elements are mounted on the inset panel above reception worksurfaces.

- The Reception Desk Elements can be installed on- or off-module
- Cannot be replaced by the Countertop Elements
- Dimensions listed below are nominal

**Reception Desk Element – Accessory Rail (BCAR)**
- Designed to support compatible Personal Organizers (PAX), Book Organizers (TBK6S) or Complements FX accessories
- It must be installed directly on the inset panel and supported by a worksurface
- Available in Foundation or Mica colors

**Element Size – Main Width Module**
The sum of element widths should not exceed the Reception Desk Module width

**Reception Desk Element – Tackboard (BCAT)**
- This tackable surface accommodate the visual display paper-based information
- It must be installed directly on the inset panel
- Available in Teknion’s Standard Panel Fabric

**Element Size – Return Width Module**
Element is the same width that the return width minus 1"
Grain direction is an important factor when planning adjacent worksurfaces. The direction of grain patterns varies depending on the type of worksurface specified.

- Worksurface user edge is indicated with a shaded line

![Diagram of worksurface module, gable, and inset panel grain direction]
reception desk finishes

Reception Desks and related parts are available in a wide variety of finish colors. Finish codes must be included in the order.

- All Laminate components are protected with a solid plastic edge
- For an overview of which products are offered in Flintwood finishes, refer to the Expansion Casegoods product map on Teknion’s website

### Edge Trims

- Available in Straight Trim (6) or Flintwood Flat Trim (9)
- Available in Edge Trim colors (for trim style 6 only)

### Inset Panel

Available in Source Laminate or Flintwood colors

### Rectangular Grommet

Available in Clear Anodized Coordinate (AC), Soft Gris (B), Storm White (Q), Very White (V), Anthracite (X) or Platinum (7)

### Levelers

Finished in Black

* This match suggestion is not close enough to be considered as tone on tone
Expansion Casegoods offers a wide variety of countertop surfaces. They can be used to create reception stations.

- The countertop surfaces can be installed on a straight edge standard desks with modesty panel
- Must always be specified with an element
- The countertop thickness must be the same as the desk on which it is mounted
- Countertop Elements can only be installed on-module and rear of a straight edges. They are 1” thick and have the same finish on both sides
- Cannot be specified with Multi-Level Desks
- Dimensions listed below are nominal, widths are reduced by a 0.5 % factor
- Flintwood finishes are not available with these products

Countertops

Three available thicknesses:
- D: 1” thick low pressure laminate (LPL)
- M: high pressure laminate (HPL) with a 1 1/8” thick baseboard for a total surface thickness of 1 3/16”
- X: high pressure laminate (HPL) with a 1 1/2” thick baseboard for a total surface thickness of 1 9/16”

Countertop – Single Bullet (B_CB)
Countertop – Double Bullet (B_CBB)

Countertop – Bullet (B_CBR)
Countertop – Straight (B_CSR)

Countertop Supports
- Two supports allow installation of a countertop along the width of a desk
- Approximate total height is 42”
- Available in Foundation or Mica colors

Countertop Element – Perforated Metal (BCPE)
- Four patterns are available:
  - Square Solo (201)
  - Dot Solo (401)
  - Large Dot (402)
  - Perforated Holes (601)
- Available in Foundation or Mica colors

Countertop Finishes
- 1” thickness (D) available in Source Laminate colors
- 1 3/16” thickness (M) available in Foundation Laminate colors
- 1 9/16” thickness (X) available in Foundation Laminate colors (Wood Print, Storm White or Very White colors only)
- Edge Trims available in a Straight Trim (6)
