what is C+D

The C+D - Craft+Design - Conference Table program brings an artisanal focus back into the boardroom, while addressing the various connectivity needs of the contemporary workplace.

Thoughtful craftsmanship comes into play with the materials in the layered top and in the details of its different edge profiles and various leg options that support its large format.

Clever wire management and power are integrated to satisfy all the connectivity needs that versatile workspaces demand.

The C+D's numerous elements, with details that balance artisan craft and function, allow companies to customize the conference tables to fit their own distinct identity.

what is C+D

C&D, Craft & Design, is a collection of tables designed by Mario Ruiz. These tables are available within the Custom Wood catalog, which also features Boardroom Credenzas that compliment the tables with a similar finish offering.

RECTANGULAR TABLE PRODUCT FEATURES

- Edges are available in four profiles
- Bases are available in four options
- Power options and base styles support meeting spaces with light or heavy usage
- Wire routing within the base options is available through removable exterior accent panels on the leg exterior or in between infill panels
- Depths: 48", 54", 60"
- Widths: 96" to 240" in 12" increments

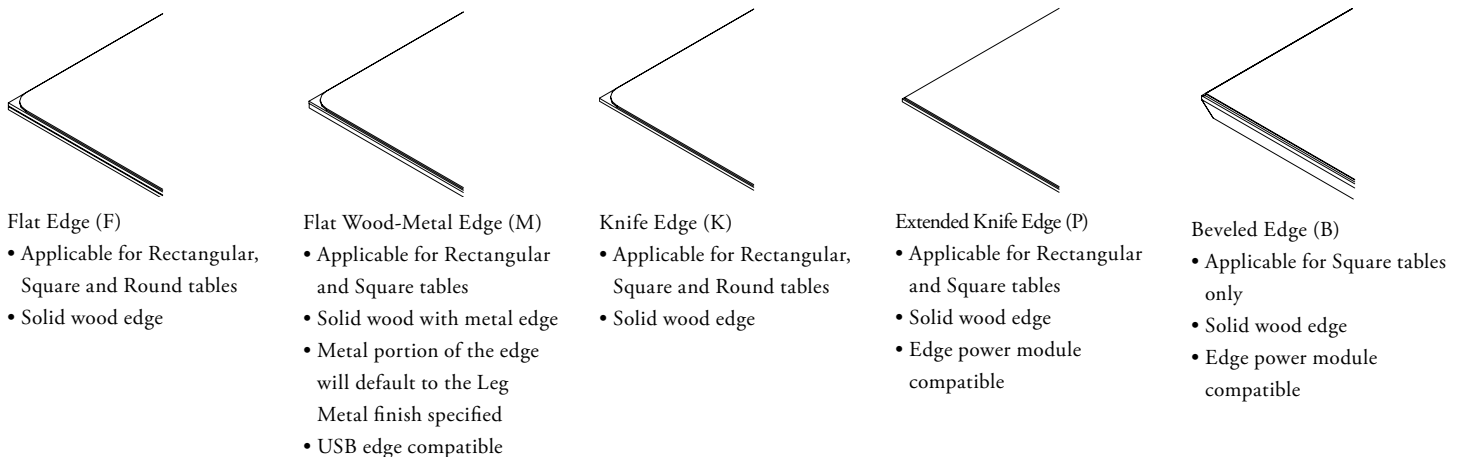

SQUARE & ROUND TABLE PRODUCT FEATURES

- Edges are available in five profiles for square tables and two profiles for round tables
- Bases are available in two options
- Open Leg with Central Plinth Base (not available on sizes 60" and below)
- Open Leg Base size (thin or standard thickness) will default to the table size
- Power options and leg styles support meeting spaces with light or heavy usage
- Wire routing within the Leg options is available through removable exterior accent panels on the leg exterior or through the central wire management plinth (when central plinth base is specified)
- Widths: 48" to 90" in 6" increments

BASE OPTIONS

	 Open Leg Base (B)	 Standard Base/ Center Plinth (P)	 Standard Open (O)	 Standard with Infill (S)	 Thick with Infill (T)	 Fully Enclosed (F)
 Rectangular Tables	n/a	n/a	84" - 192" tables	84" - 216" tables	120" - 240" tables	120" - 240" tables (54" or 60" deep only)
 Square Tables	48" - 90" tables	66" - 90" tables	n/a	n/a	n/a	n/a
 Round Tables	48" - 90" tables	66" - 90" tables	n/a	n/a	n/a	n/a

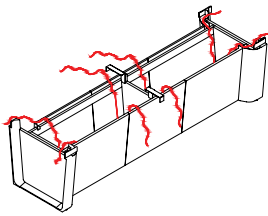

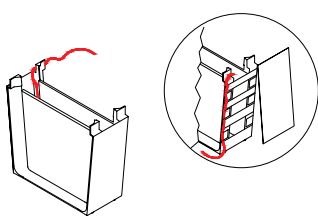

what is C+D

CABLE MANAGEMENT

Minimal or Light Power Requirements (B) (O) and (S) styles:

- Maximum routing of one or two cables per leg
- Cable routing pathways integrated within the leg structure
- Pathways are easily accessible by removing the exterior accent panel

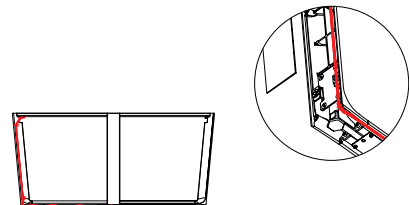

Heaviest Power Requirements (F) style:

- Wire management capabilities are achieved through an enclosed center cavity between infill panels
- Easily removable section allows for accessing the cavity

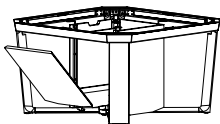

Heavy Power Requirements (T) (P) styles:

- Two cable pathways accessible by removing the exterior accent panel
- Additional wire management capabilities through cavity between infill panels
- Thick Leg with Infills (T) has an internal clearance of 5" x 19" for 48" and 54" deep tables, and 5" x 25" clearance for 60" deep tables

Wire Management in Open Legs (B)

- Cable routing is inline with the Leg options for the Rectangular Tables
- Up to two cables can be routed through the channel in the open leg
- Leg exterior has a removable panel for access to the routing channel
- Cables can casually be tucked under the horizontal section of the Open Leg to direct cables to floor power monuments

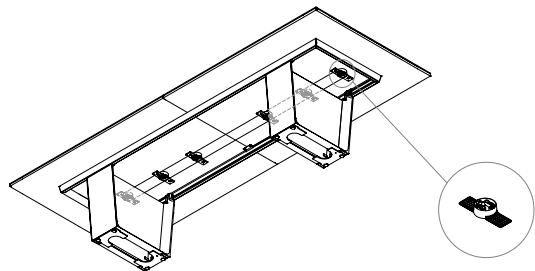

Wire Management in Standard Base with Central Plinth (P)

- Cable routing is inline with the Leg options for the Rectangular Tables
- Central Plinth available for table sizes 66" and up only
- Plinth dimensions depend on table size:

Table Size	66"	72"	78"	84"	90"
Square	20	20	20	25	32
Round	20	20	26	26	32

The following cable management options are included with each table.

- Wire Clips and Cable Wraps are mount below the worksurface to manage and coil excess wires
- Also includes a detachable P-Clip for small wires
- 1 package of six clips is included with every table
- 2, 4, or 6 cable wraps are included with each table; - number of cable wraps included depends on table length

Under Worksurface Wire Clips and Cable Wraps

SURFACE POWER MODULES OPTIONS

Each Module has its own cord, 180" long with a plug.

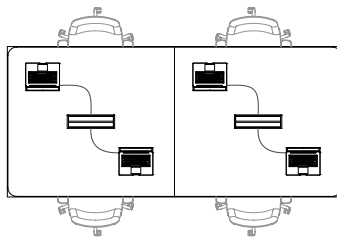

Surface Power Module

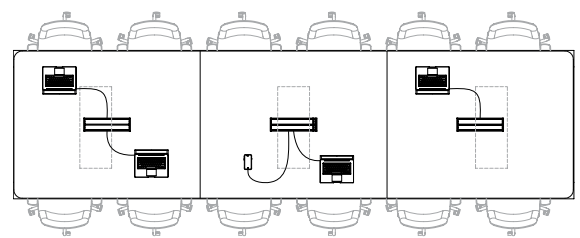

- 8" Surface Power includes: x2 power, dual USB (A + C) and 180" power cord with plug
- 18" Surface Module (S0442): Each unit has 4 power outlets, 4 USB (2- USB-A and 2- USB-C), 2 data knockouts.
- A/V & Data faceplates can replace 2 data knockouts through special requests only

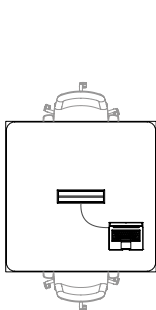

Surface Power for 96" - 108"

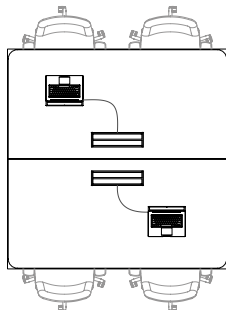

Surface Power for 120" - 192"

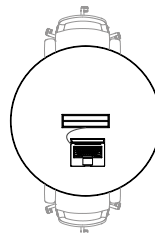

Surface Power for 204" - 240"

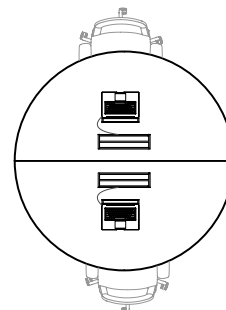

Surface Power for Square Table

Surface Power for Square Table with Split Top

Surface Power for Round Table

Surface Power for Round Table with Split Top

what is C+D

EDGE POWER MODULES OPTIONS

- Available only on tables with extended knife edge and beveled profiles
- Not available with a hardwire option
- Available cord length from junction box to plug is 20'

Edge Power Modules
Power & USB (A & C)

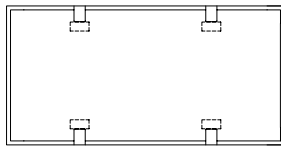

Edge USB Modules
USB (A & C)

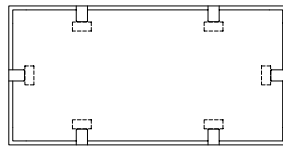

Undersurface Modules
Power & USB (A & C)

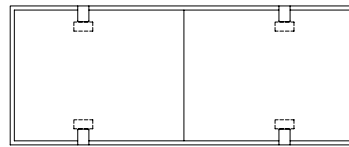

- Each Integrated Edge Power Module includes:
 - 1 Power Outlet
 - 2 USB charging ports (1 USB-A type + 1 USB-C type)
- Available on the Rectangular Table, Flat Wood & Metal Edge (CWTM)
- Positioned centered to the legs
- 4 or 6 modules are available, depending on the table size
 - 17'-20' width tables have 6 modules
- USB module is always Black
- Not available for tables with extended knife edge/beveled profiles
- 2, 4, or 6 modules are available, depending on the table size
- Undersurface Power includes: 1 Power, USB-A/C
- Undersurface modules are not available with a hardwire option
- Power supply cord length is 80"

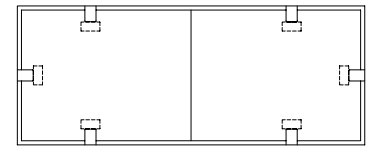

Edge Power, Edge USB or Undersurface Modules
for 96" - 108" (4 modules)

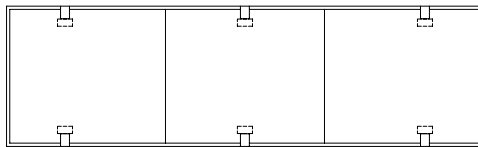

Edge USB or Undersurface Modules
for 96" - 108" (6 modules)

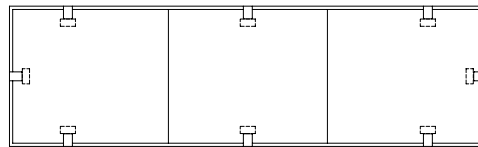

Edge Power, Edge USB or Undersurface Modules
for 120" - 192" (4 modules)

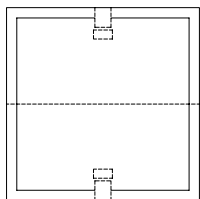

Edge USB or Undersurface Modules
for 120" - 192" (6 modules)

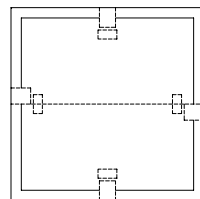

Edge USB or Undersurface Modules
for 204" - 240" (6 modules)

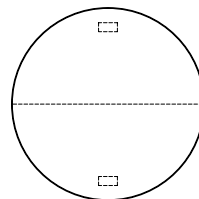

Edge USB Modules
for 204" - 240" (8 modules)

Edge Power
for Square Table (2 modules)

Edge Power
for Square Table (4 modules)

Undersurface Modules
for Round Table (2 modules)

Combination power options include surface power, edge power or undersurface power option.
