

YMSTS Xpress MAST Stanchion

What's Included

Stanchion, mounting hardware, and optional wire management.

Notes

Interpret Accessory Beam (8) is **not** for use with Single Sided Interpret Accessory Beam.

Bolt Thru Mount requires a 1/2" drilled hole in work surface and works on worksurfaces up to 1 5/8" thick.

Standard Edge Clamp works on worksurfaces up to 1 5/8" thick and requires a minimum 3/8" (10mm) gap.

Grommet mount requires a 2 3/4" hole in work surface.

Expansion Grommet mount is a custom mount for use with Expansion worksurface grommet cut out.

Quad-channel stanchion is standard for all configurations except Marketplace Back-2-Back (7) which uses tri-channel stanchions.

Wire Management (Y) includes a single Vertical Wire Column with all quad-channel stanchions and 3 Back-2-Back Clips with tri-channel stanchion.

The height of the Vertical Wire Column will match the height of the stanchion.

Selecting Marketplace Back-2-Back (7) Mount results in twice the stanchions and requires special care when ordering the quantity of monitor arms.

Mount options Standard Edge Clamp(2) and Marketplace Edge Clamp (3) are **not** available with Dual-Height Stanchion (D).

Finished in Anodized Aluminum.

Supports a minimum of 30 lbs. for flat screens and 22.5 lb. for curved screen.
