

YUNMC

Untethered Mobile Charging Cart

Untethered Mobile Charging Cart can charge up to three or six batteries with a maximum charging time of 2-3 hours to full battery capacity.

What's Included

The Untethered Mobile Charging Cart comes with the choice of three or six charging bays, 4 lockable casters, 1 integrated 72" cord for Untethered Mobile Charging Cart with three charging cradles or 2 integrated 72" cords for Untethered Mobile Charging Cart with six charging cradles.

Notes

One charging bay charges one Untethered Battery (YUNBA).

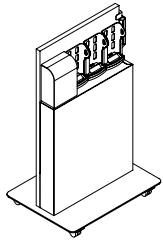

Batteries are specified separately.

Mobile Charging Cart with three Charging Cradles will need one simplex.

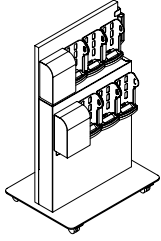

Mobile Charging Cart with six Charging Cradles will need two simplexes or one duplex.

For indoor use only.

Power Input: 120 VAC.
