

BCAR

Reception Desk Element – Accessory Rail

The Reception Desk Element – Accessory Rail is installed on the inset panel of the reception desk module. It is designed to support compatible Personal Organizers and Book Organizers. It must always be supported by a worksurface.

WHAT'S INCLUDED

1 accessory rail with mounting hardware.

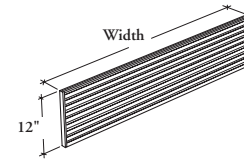

NOTES

Cannot be used with standard Countertops.

Listed dimensions are nominal. The sum of element widths should not exceed the reception desk module width.

To realize an enclosed corner, specify one element with the same width and subtract 1" to the other(s).

Designed to support compatible Personal Organizers (PAX), Book Organizers (TBK6S) or Complements FX accessories. Can be specified separately.
