

JNECBP
Communication Blank Plate

The Communication Blank Plate can be used to hide the communication opening of the Communication Extender Plate (JNEDE) or the pre-cutted communication opening in the structural beam.

WHAT'S INCLUDED
1 communication blank plate.

WHAT'S EXCLUDED
Structural Beam, Chicago Structural Beam and Communication Extender Plate.

NOTES
When the structural beam is covered with a Side Structural Beam Cover (JNDBCS), a Communication Blank Plate must be used in conjunction with a Communication Extender Plate (JNEDE).
