

JNEPBF

Base Feed

The Base Feed connects to the building supply and routes power into the workstation from the wall or floor.

WHAT'S INCLUDED

1 base feed and mounting hardware.

WHAT'S EXCLUDED

i-Connector and Four-Way Splitter.

NOTES

The Base Feed is mounted under a structural beam.

The connection to the building power supply must be executed by a qualified electrician.

Check local codes for limits or restrictions on harness length.

Refer to Application Guide for applications.
