

JNEPCF Ceiling Feed

The Ceiling Feed includes a junction box to connect to the building supply and routes power into the workstation from the ceiling.

WHAT'S INCLUDED

1 ceiling feed, 1 junction box and mounting hardware.

WHAT'S EXCLUDED

i-Connector and Four-Way Splitter.

NOTES

Can be routed from the ceiling to the Power Box (JNEPB) through a Power Pole (JNEWPP).

The connection in the junction box and to the building power supply must be executed by a qualified electrician.

Check local codes for limits or restrictions on harness length.

Refer to Application Guide for applications.
