

JNEPC Power Cube

This product is mounted above a worksurface in the Square Grommet option or under the worksurface (as specified). It is used to provide quick power, data and USB access at the worksurface level.

WHAT'S INCLUDED

1 power cube with twistable attachment ring or underworksurface bracket and mounting hardware (as specified).

WHAT'S EXCLUDED

Square Grommet Ring (supplied with worksurface when specified) or Square Grommet for field installation.

NOTES

Must be installed in Square Cut-Out.

The Square Cut-Out option can be specified on worksurface to allow Power Cube installation.

Data Faceplate **not** included (if specified).

Refer to specification software for Under Worksurface Power Cube location.
