NOTES

This pedestal has a central locking system and full-extension drawers that can accommodate both letter- and legal-size paper.

Coordinate colors for case are solid colors that can be used to match wood prints such as those of drawer fronts.

Counterweight must be specified for all stationary pedestals **not** under a worksurface.

Included hanging file bars are to be installed along the width only.

Drawer datum line will **not** match with any laminate storage when positioned side-by-side.

When Metal Storage are positioned side-by-side, ensure product is leveled. If front/door alignment is needed, it can be done by either releasing the front mounting screws, adjusting the front/door and tightening the screws, or by using hinge adjustments to ensure an equal gap.

The Coordinate Colors for case finish are available with Laminate Drawer Front Finishes only.
