

This screen provides back visual privacy and vertical writable surface.

WHAT'S INCLUDED

1 glass screen, 2 brackets, linking pieces and mounting hardware.

NOTES

Specify Table Screen width to match the width of the worksurface to which it is being applied.

Frost (FT) is a single-sided etched glass which is facing inward of the screen assembly.

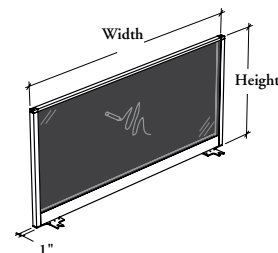

Tempered glass infills are doubled for a flush look.

When used with back-painted writable surface, use dry-erase markers only.

This screen in **not** recommended with all worksurface/table styles; refer to the Table Accessories Compatibility Chart in the Application Guide to know the compatible products.

Not all glass finishes are available as Xpress, Please see Xpress catalogue and/or specification software for details.
