

This screen provides lateral visual privacy and vertical writable surface.

WHAT'S INCLUDED

1 glass screen, 1 bracket, linking pieces and mounting hardware.

NOTES

Must be used in combination with a connected Back Table Screen.

Frost (FT) is a single-sided etched glass which is facing inward of the screen assembly.

Tempered glass infills are doubled for a flush look.

When used for back-painted writable surface, use dry-erase markers only.

This screen in **not** recommended with all worksurface/table styles; refer to the Table Accessories Compatibility Chart in the Application Guide to know the compatible products.

Not all glass finishes are available as Xpress, Please see Xpress catalogue and/or specification software for details.
