

This product with four simplex outlets allows managing and concealing wires under a workstation. It must be screwed under the worksurface.

**WHAT'S INCLUDED**

1 four-outlet power bar, 2 adjoining clips, and mounting hardware.

**NOTES**

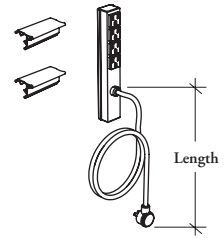

This product has a flat 45° plug.

The Underworksurface Plug-In Power Bar can be clipped in the Cable Tray (ZELCT).

The power bar is finished in Clear Anodized.

The Adjoining Clips are finished in Black only.
