

The Chicago Base Feed delivers power to a Height-Adjustable Bench.

**WHAT'S INCLUDED**

1 chicago base feed, mounting brackets.

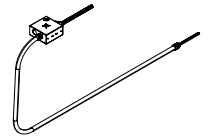

**NOTES**

In the End Condition (E), the Base Feed module is mounted in a specified location within the Cable Channel. The Cable Channel is non-handed to support either left or right side mounting.

In the Mid Condition (M), the Base Feed module mounts to the Frame Link using an additional bracket (included). A 48" Power Harness is required to connect to the Power Module in the Cable Channel.

Cable Channel Provision must be specified to allow the Power Harness to pass-through and connect the Base Feed to the Power Module.
