Navigate Fixed Center Screen – Solid

WHAT'S INCLUDED

1 solid fixed center screen, mounting hardware.

NOTES

A Navigate Wire Channel (HNBFCN) must be specified to mount a Fixed Center Screen.

51" top datum height.

Screen is 33" tall, width as specified.

Worksurfaces should be specified with a resultant depth clearance of 3".

Full Style screens overhang beyond covers/gables but are set in from the worksurface lateral edge.
