

HNBFCN

Navigate Wire Channel

The Navigate Wire Channel conceals and manages the modular electrical systems selected (ordered separately), wiring, data and communication cables. The Wire Channel includes a top mounted Interpret Accessory Beam to mount Fixed Center Screens.

WHAT'S INCLUDED

1 electrical channel, 1 Interpret accessory beam, 1 data bracket, 1 cable wrap, M-Clips (quantity dependent on channel length), 2 vertical power covers, mounting hardware.

NOTES

Covers are provided to conceal Vertical Wire Carrier attachment locations if unused.

Vertical Wire Carriers are ordered separately (HNBEEE).

Finished top trim is included and must be removed to mount Fixed Center Screens
