

The Flip-Down Data Tray attaches to the frame to provide a continuous data trough below the worksurface.

WHAT'S INCLUDED

1 nominally sized flip-down data tray.

NOTES

Mounts between gables to provide a continuous data trough below the worksurface.

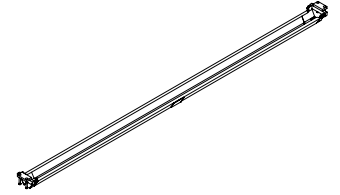

The tray is hinged to allow maximum flexibility for layout in cables.

Available in widths from 100cm - 240cm to align with frame and worksurface widths.

Cannot be used with a Data Box.

Cannot be used in a 120° bench.
