

The Return Worksurface for Back-to-Back is mounted to a Return Frame for Two Worksurface (MWWSRD) to create a secondary return worksurface in a benching application for two users. This frame comes with a thin accessory beam down the middle to mount screens.

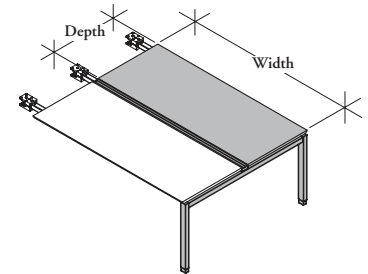

#### WHAT'S INCLUDED

1 worksurface.

#### NOTES

Please note that two worksurfaces will need to be specified for every Return Frame for Two Worksurface (MWWSRD) frame that is specified.
