

WWCVS

Basic Spine Screen Frame

The Basic Spine Screen Frame mounts to the center Accessory Beam to provide privacy.

WHAT'S INCLUDED

2 posts for 24" to 60" widths, 3 posts for 66" and 72" widths, 4 posts plus screen connector for 78-96" widths.

NOTES

The Top Trim (WWCTT), End Trims and Fascias must be specified separately.

Screen Connectors (WWCVC) must be specified separately if Basic Spine Screen Frame is to be connected to another Spine Screen Frame (WWCFM or WWCVS) to create a continuous screen.

Only fabric, metal and whiteboard fascias can be applied to the Basic frame.

The 66" & 72" width frame can only accommodate a metal or whiteboard fascia of that size. If fabric screen is desired for those sizes, two smaller frames (eg 33" or 36"), plus a Screen Connector, must be specified.

Note that two 36" fascias **cannot** be applied to a 72" Basic Spine Screen Frame (WWCVS).

Sizes 78" - 96" are 4 vertical posts plus a Screen Connector, and require 2 fascias on each side.
