

## WWEPT Power Tray

The Power Tray mounts to the Power Module to allow access to the receptacles and for managing cables.

### WHAT'S INCLUDED

1 nominally sized power tray, 1 data box.

### NOTES

Is complete with two cut-outs to align with the receptacle locations.

Available in widths from 48" - 96" to align with worksurface widths. However sizes are nominal, the actual widths are 33" narrower than the nominal width up to a total actual width of 39".

Worksurface Width	Actual Tray Width
48"	15"
54"	21"
60"	27"
66"	33"
72"-96"	39"

The tray design separates and shields the harnesses and power box from data cables as per North American Electrical Standards.

Up to two data boxes can be used in a Power Tray. If an additional Data Box (WWEBX) is desired for high capacity data & communications, it can be ordered separately.
