

CJCT

Credenza Top, for Freestanding Storage

WHAT'S INCLUDED

1 credenza top, grommet, scallop, notch, or module (if specified)

NOTES

Large scallop electrical location has to be inset 18" on either credenza top end.

Module electrical location has to be inset 9" on either credenza top end.

2 electrical components cannot be specified in the same location.

Worksurface Support Rail (CJXS) needs to be specified for any unsupported or open knee space areas spanning over 42".

Seamless finish is **not** available for widths over 96".

For Wood Grain Direction, please see the Finishes page located in the Introduction section of this Guide.

I66
