

Xpress

K P N D
Door Panel

The Door Panel allows for door applications within the panel environment, however, does **not** allow for power pass-through or power access. The Door Panel works with Conventional and Universal Panel Frame Styles.

WHAT'S INCLUDED

Thresholds, hinges, 1 door, 1 door frame, 1 door top frame, handle and lock (as per specification) and 90° corner connector and trim.

NOTES

Panel Add-Ons **cannot** be stacked on top of the door panel.

If there are any concerns about stability of a particular application, submit drawings to Teknion for review.

Handles, hinges, and thresholds are all finished in Brushed Chrome.

Xpress Available through *Teknion's Xpress Program*.
