

The Storage-to-Panel Bracket connects District Storage to the Leverage panel frame, providing panel support.

WHAT'S INCLUDED

1 top bracket, 1 bottom bracket, 1 plate (for some standard configurations), attachment hardware.

NOTES

Handedness is determined by the side of the panel onto which (when facing it) the storage is mounted.

Brackets fit into the vertical slot of the Leverage panel.

For details as to which application to choose please see Planning Basics at the beginning of this section.
