

## Bullet Worksurface

The Bullet Worksurface is a semi-suspended worksurface that mounts to the panel at one end and is supported by a monoleg at the other and is ideal for small meetings or team workstations.

**WHAT'S INCLUDED**

1 worksurface, 1 Monoleg (CZ29), leg mounting hardware, 1 Corner bracket (KBC).

**WHAT'S EXCLUDED**

Modesty Panels (KWMP) if used at the end of a panel run.

**NOTES**

Support requirements for the Bullet Worksurface with Monoleg are application specific. For details on supports requirements please see *Worksurface Supports & Accessories* section.
