Traverse

Dual-Sided

Single-Sided

Traverse attaches to the Truss (UMCT) and supports worksurfaces, Center-Mount Screens (UMSC).

WHAT'S INCLUDED

1 traverse, connection hardware.

NOTES

The Traverse is not required for support of worksurfaces next to End Gables (UMCE). Traverses are dual or single-sided, shared supports.

Finished in Platinum.

Not all configurations are available as Xpress. Please see Xpress catalogue and/or specification software for details.
