around conference chair dimensions & material requirements

features

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

weight

Conference Chair, Mesh Back	32 lbs
Conference Chair, Upholstered Back	33 lbs

COM/COL material requirement

The pattern, repeat and directionality of fabric may increase the amount of yardage required.

Leather quantities should always be rounded up to the next hide size, as yields vary from 60-80% and are affected by the quality, size and shape of the hide, and by the location and quantity of blemishes.

around conference adjustment features & instructions

seat height-adjustment

Seat height can be adjusted by lifting the lever underneath the seat on the right side. When the lever is lifted up, the weight of the body will cause the seat to lower. Releasing the lever stops the seat at the desired height. Lifting the lever up with no weight on the seat allows it to rise.

back tilt lock adjustment

Moving the lever found under the right side of the seat locks and unlocks the recline. Push lever forward to lock chair in upright position. Pull the lever backwards to unlock for tilting action.

multi-use chairs

NARC 

Around Conference Chair, Mesh Back
