

# laru chair overview

Laru represents a more human approach to typical contract wood chairs, one that is inspired by the qualities of nature.

Providing comfort with minimal bulk, the frame is made of solid oak with a curved oak veneer back and a scooped plywood seat. Laru is understated, neutral, soft and friendly.

# laru chair dimensions & material requirements

## features

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA Requirement

## weight

Laru Side Chair	12 lbs
-----------------	--------

## Laru Side Chair

## COM/COL material requirement

The pattern, repeat and directionality of fabric may increase the amount of yardage required.

Leather quantities should always be rounded up to the next hide size, as yields vary from 60-80% and are affected by the quality, size and shape of the hide, and by the location and quantity of blemishes.
