

nami overview

Nami is a contemporary European designed stacking chair, whose name and form are inspired by a cresting wave. Its flexing plastic or 3D wood shell provides lumbar and thoracic support as well as comfort and beauty.

Tablet can only be specified on chairs with arms. Tablet is standard on the right and finished in Ebony.

When Tablet is specified, chair is no longer stackable.

When With Ganging (G) is selected, a ganging device is included to connect two chairs.

A TekniStain form is required if a Teknion Wood product is needed in colors outside our standard offering. To order a Custom Wood Stain use the seating code NOCWS. A one time upcharge per color applies. Forward a purchase order and TekniStain form to your Customer Service Representative. Allow two (2) weeks for the TekniStain approval process. The Custom Wood Stain sample must be signed off prior to placing product order. Allow three (3) extra weeks to the total lead time of the chair when using a custom wood stain. The total lead time will begin once final approved samples have been received from customer to Teknion. The custom wood stain sample must be signed off prior to placing product order.
