

teknion dna overview

Teknion dna is a line of modular lounge seating and tables designed to go beyond the traditional requirements of lounge seating. Teknion dna meets today's workplace needs of collaborative work settings for increased flexibility, reconfigurability and access to power and communications. The following typicals demonstrate the planning capabilities of Teknion dna.

idea starters

The following layouts are available on the Teknion Planning Tool.

teknion dna planning possibilities

All Teknion dna units are based on-module of 13" to allow for unlimited planning possibilities.

This configuration consists of:

- Two Benches with Bolsters and Side Tables
- Two Benches with Bolsters
- Two Square Seats/Ottomans

The same components can be used to create the following configurations:

This configuration consists of:

- Four Benches
- One Square Table

The same components can be used to create the following configurations:

teknon dna seating basics

Teknon DNA Seating Components include Benches, Benches with Bolsters and Square Tables.

Bench with Bolster (NDNB) and Bench with Bolster and Side Table (NDNBT)

- The Bench back includes a track for mounting a bolster, which can be mounted in three positions, left, right and center
- Bolster can be ordered in a center locked position however lock position can be changed in the field
- Optional side table can be specified on the left or right side of the Bench with Bolster and provides one continuous base for wiring
- Side table can be specified with a solid top or with a data/electrical Module

Square Seat/Ottoman (NDNC) and Square Seat/Ottoman with Side Table (NDNCT)

- Optional side table can be specified on the left or right side of the Bench with Bolster and provides one continuous base
- Side table can be specified with a solid top, or with a data/electrical module

Floor Mounting Bracket (NDNF)

- Allows units to be securely linked to flooring
- Hardware is dependent on the types of floor and therefore not included
- To ensure proper spacing at least one Linking Bracket Kit (NDNJ) is required when securing to the floor
- Top of units can be separated from the base for wire access or for securing to the floor, if required

Linking Bracket (NDNJ)

- Allows units to be securely linked together
- When electrical is routed through the units, it is required that they be either linked or secured to the floor

Bench (NDNA) and Bench with Side Table (NDNAT)

- Optional side table can be specified on the left or right side of the Bench and provides one continuous base for wiring
- Side table can be specified with a solid top, or with a data/electrical module

teknion dna table basics

Teknion DNA Table Components include casual laptop and lounge tables and add-on or square tables that accommodate electrical data.

Add-On Side Table (NDNM)

- Available as a separate unit to add to an existing layout, or when reconfiguration requires additional tables
- Must be attached to a Bench with Bolster, Bench, or Square Seat/Ottoman, but certain linking restrictions may apply (see Application pages)
- Can be specified with a solid top, or with a data/electrical module

Data/Electrical Module

- Can be specified as an option on the Square Table and Side Table
- Mounts directly to the table surface and provides standard capacity power, and includes one duplex outlet inside of a flip-up door

Square Table (NDNS)

- Provides a table top surface with the same footprint as the Square Seat/Ottoman
- Can be specified with a solid top, or with a data/electrical module

Teknion DNA – Rectangular Freestanding 52" or 60" wide x 26" deep x 16" high coffee table for use with Teknion DNA.

Also Available:

Freestanding Square Coffee Table (NDNTS) and Freestanding Round Coffee Table (NDNTR)

Provides table surfaces at coffee table height.

Freestanding Laptop Table (NDNL)

- Integrates with Teknion dna seating to provide a casual worksurface for use with laptops
- Worksurface is large enough for a laptop and a mouse
- Is lightweight and foldable with a handle for mobility
- Tables can be nested

Laptop Tables integrate with Teknion dna seating to provide a casual worksurface

The table tops flip up, allowing the tables to be nested.

planning with teknion dna benches & tables

Teknion DNA Table Components include casual laptop and lounge tables and add-on or square tables that accommodate electrical data.

bolsters

add-on tables

Specified with Bolster

Specified Separately

Add-on tables can be specified as part of the bench, or be ordered separately as required. When the table is ordered with the bench it has one continuous base, when it is ordered separately, the bench and table will have two separate bases.

When planning with electrical, Teknion dna units must be linked together. Reveals along the fronts and sides alone. Cables to pass from one another to the next and accommodate linking brackets.

planning with teknion dna benches & tables (continued)

- ✓ Reveals are placed in specific locations which affect the configurations that can be achieved. The reveals must overlap in order to be connected.

- ✓ Square Seat/Ottoman or Table Connected to of Other Elements.

- ✓ Bench to Bench Connections.

- ✓ Bench with Side Table Connected (one connected base) with Square Seat/Ottoman or Table.

- ✓ Bench with Side Table Connected (one connected base) to Other Benches.

- ✓ Bench with Side Table Connected (one connected base) to Other Benches.

- ✓ Bench with Side Table Connected (one connected base) to Other Benches.

planning with teknion dna benches & tables (continued)

Square Seat/Ottoman with Add-On Side Table connecting to either Square Table/Ottoman or Benches.

Bench with Add-On Side Table Connected to another Bench or Square Seat/Ottoman.

understanding tekunion dna power & communications

The following demonstrates how power and communications are routed through Tekunion dna.

All power connections in Tekunion dna are casual plug-in connections and can span a maximum of 15'. There is no hard-wire capability.

teknion dna recessed data/electrical module details

- Standard offering has three power outlets and a covered communication opening that can accommodate a variety of data connectors (not included)
- The communication opening is 1.38" x 2.72" for single gang mounting plates which will accommodate kits from AMP, Panduit, Hubbell, Leviton, Northern Telecom, AT&T, Lucent and others
- Module is 6.125" wide x 6.125" deep x 3.5" high

teknion dna finishes

The following outlines the finishes available on all Teknion dna units.

Bench with Bolster (NDNB), Bench (NDNA), Square Seat (NDNC)

Seat and Bolster:

- Available in Teknion standard fabrics, graded-in fabrics, COM, leather and COL
- Seat and the bolster can be specified in two different fabrics

Base Frame:

Painted finish

Square Table (NDNS), Side Table (NDNM)

Top:

Available in 3/8" Compact Laminate (with black straight edge), 1/2" Flintwood or Natural Veneer on Baltic Birch substrate (with exposed Baltic Birch straight edge)

Sides:

Available in Teknion standard fabrics, graded-in fabrics, COM, leather and COL

Base Frame:

Painted finish

Laptop Table (NDNL), Square Coffee Table (NDNTS), Round Coffee Table (NDNTR), Teknion DNA – Rectangular Freestanding Coffee Table (NDNU)

Top:

Available in 3/8" Compact Laminate (with black straight edge), 1/2" Flintwood or Natural Veneer on Baltic Birch substrate (with exposed Baltic Birch straight edge)

Base:

- Aluminum, with polished or painted finish
- When the polished aluminum post is specified, the base will also have a polished finish

Post:

Aluminum, with polished or painted finish

Due to the unique shape and size of Teknion dna and the inherent properties of some fabrics, mild creasing or puckering may result and is not considered a quality issue by Teknion. In most cases, the fabric can be smoothed-over by hand to improve the appearance. Seams will be applied to the top surface of seating units when leather is specified.

Leather Bench with Bolster

Leather Bench

Leather Square Seat/Ottoman

teknion dna dimensions & material requirements

statement of line

features

- For bench with side table option, add side table dimensions from next page to those shown here

weight

Bench	56 lbs
Bench with Bolster	82 lbs
Bench with Side Table	94 lbs
Bench with Bolster and Side Table	120 lbs

COM/COL material requirement

The pattern, repeat and directionality of fabric may increase the amount of yardage required.

Leather quantities should always be rounded up to the next hide size, as yields vary from 60-80% and are affected by the quality, size and shape of the hide, and by the location and quantity of blemishes.

	COM [yards]	COL [sq. ft]
Bench	2.5	30
Bolster	1.25	12.5
Bench with Bolster	3.75	40.75

teknion dna component overview

The following outlines the complements and features of the Teknion DNA Coffee Table.

teknion dna coffee table basics

The following outlines the basic of the Teknion DNA Coffee Table.

Teknion DNA – Rectangular Freestanding Coffee Table (NDNU)

- Sizes available:
52" long x 26" wide x 16" high
60" long x 26" wide x 16" high
- Surface finishes include Compact Laminate, Flintwood and Natural Veneer and Custom Wood Stain
- Post finishes include Platinum, Storm White, Ebony and Polished Aluminum
- Provides large lounge height worksurface in collaborative applications
- 26" wide to provide space for back-to-back laptop use

NDN
Teknion dna – Modular Seating
Bench

- FEATURES**
- Base provides access for routing wires from unit to unit
 - Optional Bolster can be positioned in three locations or locked in place with the bolster lock option
 - Modular design allows other Teknion dna components to connect from all sides
 - Optional side table provides a worksurface and access to power and data
 - Optional data/electrical module
 - Multi-surface glides

NOTES
Side Table is specified left or right from the seated position but can be reconfigured on site.
Side Table pricing includes a Compact Laminate surface. If a Flintwood or Natural Veneer is specified, an additional upcharge applies.
If Compact Laminate surface finish is specified, the edge will be Black. If a Flintwood or Natural Veneer surface is specified, the edge will be Baltic Birch.
Optional Data/Electrical Module is Anodized Aluminum.
If Bolster with Lock is specified, the lock will be in the center position but can be reconfigured on site.
Single Upholstered: The same upholstery is applied to the bench and bolster.
Dual Upholstered: Two different upholstery options are applied to the chair, one to the bench and the other to the bolster. The first fabric listed will apply to the bench and is the grade used to price the chair. A dual upholstery upcharge applies.
