update summary

Please be advised that information has been updated within the Series 48 Reference Guide. To highlight these updates, a summary has been created for your reference.

new 

Series 48 is a new product offering with the Custom Wood Collections.

First orders for new products will be accepted on September 28, 2026. All software will also be updated by September 28, 2026. If you have any questions regarding the information enclosed, contact your Teknion Customer Service Representative.

what is series 48

Referencing the production house as a subtle nod to its quality, Series 48 tables are designed to enhance the private office suite, or facilitate informal conversations in meeting spaces and open areas. The collection provides a clean and refined solution, acting as a gathering point for face to face touch points and connections.

Intended to be a subtle complement or a bold statement, various finish options allow for a user curated experience. Assorted styles of drum base discreetly manage electrical solutions for accessible and functional connectivity.
