planning

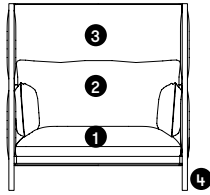

A range of one- and two-seat lounges and benches, available in mid- and high-back configurations, provides varying levels of privacy and enclosure. Optional integrated tables support both work and conversation, while a suite of accessories, including a task table, middle table, and bag/coat hook, adds thoughtful, functional utility throughout.

specifying abri finishes

The modularity of Abri allows for a wide range of fabric and metal frame color combinations, encouraging expressive use of color, texture, and material. The seat, bolster & pillow, and back upholstery can each be specified in different finishes, offering maximum customization. Components must be specified and priced individually, with the total price calculated as the sum of the seat, bolster & pillow, and back.
