

ballad wireframe

features

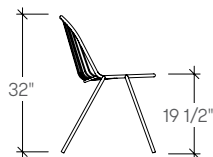

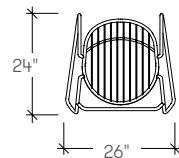

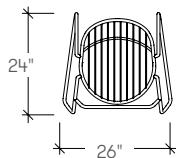

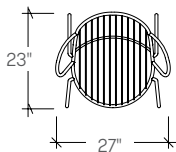

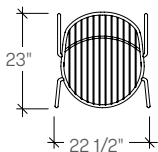

Ballad Wireframe evolves Patrick Norguet's original design into an open-form seating collection. Defined by clean, sleek lines, the series supports the modern office's move toward versatile, collaborative spaces.

The Ballad Wireframe collection includes a side chair, armchair, lounge, and stools, providing a cohesive aesthetic for both indoor and outdoor applications. While maintaining a light, transparent profile, the design offers enhanced comfort through optional tailored cushions suited for any environment.

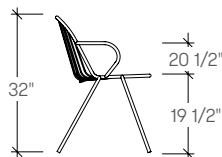

dimensions

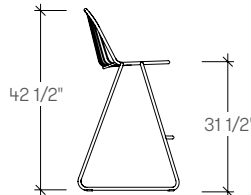

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

ballad wireframe

planning

Ballad Wireframe offers a full range of seating from side chairs to lounges and stools with optional cushions, to support a variety of applications. Available in both indoor and outdoor finishes, the collection adapts seamlessly across a wide range of environments.

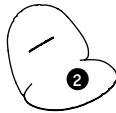

specifying ballad wireframe finishes

TKDPP

- 1 **Frame Finish**
Select frame finish

TKDPT

- 2 **Optional Cushion**
Select a chair or stool cushion if desired. For lounge models (TKDPP or TKDPW), ordering the corresponding lounge cushion is strongly recommended and intended as part of the design. Please specify the indoor or outdoor cushion to match the selected powder coat finish.

specification example

Steps involved in specifying Ballad Wireframe	Example:
Select the model for chair style; chair, stool, or lounge	TKDS
Select the model for indoor or outdoor use	TKDSP
Select arm style	TKDSPN
Select base style	TKDSPNA
Select frame finish	TKDSPNA52

stacking

Ballad Wireframe chairs should not be stacked, as stacking can result in scuffing and scratching of the frame finish.

outdoor rated paint

Ballad Wireframe can be finished in a paint formulated to withstand prolonged UV exposure and outdoor weather elements.

optional cushions

Seat cushions are available as an add-on for the chair and stool. For the lounge, a seat and back cushion are also available and strongly recommended, as they are integral to the intended design.

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

	COM [yards]	COL [sq. ft.]
Chair & Stool Seat Cushion	1	18
Lounge Seat & Back Cushion	3	54

*COL only applies to indoor cushions
