

drayton

features

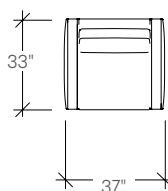

Drayton is an internal concept designed to bring a modern, refined aesthetic to Studio TK's current seating portfolio, while maintaining an accessible, price-competitive position, an essential factor for its success. Created to meet the growing demand for contemporary, soft-surface seating that performs across workplace, hospitality, and transitional environments, the collection offers a cohesive family of a lounge chair, settee, and sofa. Each piece features clean lines, inviting proportions, and fully upholstered legs, creating a unified, sculptural silhouette.

For added warmth and material expression, optional wood wrap panels are available at an upcharge, allowing clients to tailor the level of craft and detail to their project needs.

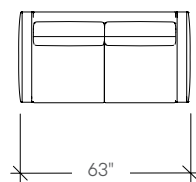

dimensions

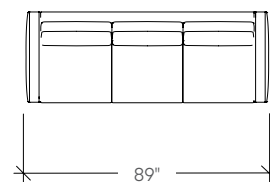

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

Select Style	TKEP1
Select Arm Style	TKEP1F
Select Frame Upholstery Finish	TKEP1FE523
Select Seat Cushion Upholstery Finish	TKEP1FE523E523
Select Back Cushion Upholstery Finish	TKEP1FE523E523E523
Select Arm Wrap Finish	TKEP1FE523E523E523E523

arm frame

Minor variations in the alignment between the arm frame and upholstered arm panels are a natural result of the manufacturing process and the characteristics of upholstered materials. As a result, minor differences in the transition between components and the curvature of the upholstered panel corners may vary slightly from the arm frame. These subtle variations may be more noticeable on models with the wood arm wrap, contributing to the unique character of each piece.

COM/COL material requirement

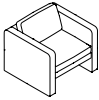

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

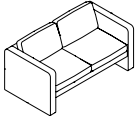

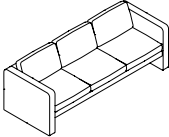

SINGLE UPHOLSTERED		COM [yards]	COL [sq. ft.]
Drayton Lounge	Frame	6 3/4	121 1/2
	Seat Cushion	11/4	22 1/2
