

harbour hybrid storage, seating & tables

features

In a world where the workday moves as fluidly as you do, Harbour offers a moment of stillness. Thoughtfully designed by Alyssa Coletti and inspired by the modern hybrid professional - untethered, agile, and always in motion. Harbour brings together modular seating, storage, and work surfaces to create flexible, multi-functional environments that support work, collaboration, and touchdown applications.

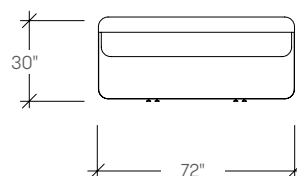

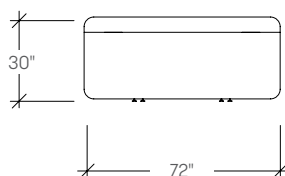

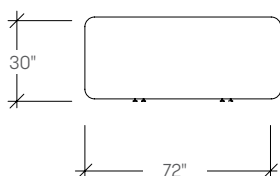

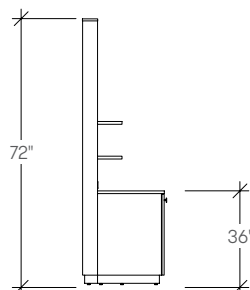

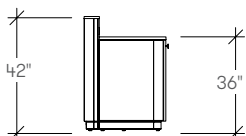

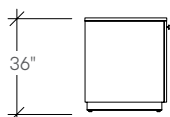

Harbour Hybrid Storage is offered in three configurations: 36"H, 42"H with backsplash, and 72"H with a divider wall. Each can be specified with an integrated table or wrap-around seating, creating a wide range of planning possibilities. Tables are available in 29", 36", and 42"H options, with compatibility dependent on the Hybrid Storage configuration selected. The 72"H configuration can be further enhanced with optional shelving or a back-painted glass markerboard, adding functionality and opportunities for space division.

Whether you're in for a few hours or staying all day, integrated storage lockers keep essentials close and clutter out of sight, helping you step into focus without the weight of worry.

planning

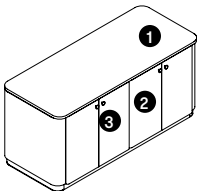

The planning examples shown represent just a few of the many configurations possible, demonstrating Harbour's versatility across a wide range of workplace applications.

harbour hybrid storage, seating & tables

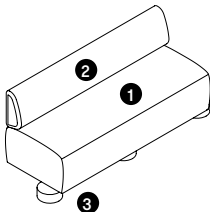

specifying harbour storage, seating & table finishes

Harbour Hybrid Storage Seating & Tables offer many different finish options and are dependent on top level codes selected. Hardware finishes are limited and may be specified in four foundational paint finishes - Ebony, Platinum, Gilded Ash, and Very White, as well as one fashion paint finish, Soft Gold.

TKEB

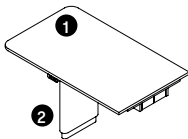

- 1 **Surface Finish**
Select surface finish
- 2 **Case Finish**
Select wood finish
- 3 **Hardware Finish**
Select hardware finish

TKEFM

- 1 **Seat Upholstery Finish**
Select seat upholstery finish
- 2 **Back Upholstery Finish**
Select back upholstery finish
- 3 **Leg Finish**
Select wood veneer finish

NOTE: Middle Straight style (TKEFM) is shown above. Left and Right styles (TKEFL/R) and Middle Straight (TKEFM) must all be specified and purchased together to complete the Harbour seating component.

• grain direction • power management

harbour hybrid storage, seating & tables

harbour seating

Harbour Seating is designed exclusively to integrate with Harbour Hybrid Storage and is not intended to be specified as a standalone product. The seating wraps around the Hybrid Storage unit, creating a cohesive and functional configuration.

To complete one seating unit, all three seating components (TKEFL, TKEFR, and TKEFM) must be ordered together. The components include the necessary ganging hardware and installation instructions for secure assembly.

If you wish to add seating to your Harbour Hybrid Storage unit, a Customer Request (CR) must be entered. Beginning with the January 2027 launch, Harbour Seating will be available as a standard offering and will no longer require a CR.

harbour tables

Harbour Tables are designed to exclusively integrate with Harbour Hybrid storage units and is not intended to be specified as a standalone product or in conjunction with a differing product. Table mounting must be selected as an option for TKED. If a table is desired for hybrid storage pieces: TKEB or TKEC hybrid storage configurations, a Customer Request (CR) must be entered. Table mounting options for these configurations will be available as a standard January 2027.

Tables are available in three heights: 29", 36", and 42" high.

Note: 42" high tables are not compatible with Hybrid Storage unit TKEB.

Tables are also available in two shapes: rounded rectangle or trapezoid.

tv mount

TV's can be mounted to the front or back of TKED (not both). No other accessories can be selected on the front of TKED if a TV is desired. A maximum TV size of 50" is recommended.

accessories

The 72" Hybrid Storage with Divider Wall, TKED, offers two optional accessories: Back-Painted Glass Markerboard and Shelves (2).

Standard Finish:

- Back-Painted Glass Markerboard is Atrium White
- Shelving: Will match case finish selected

Both accessories will ship separately and unattached from the Divider Wall (TKED) and will require onsite installation. Installation notes will be provided with shelving.

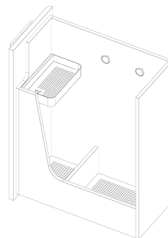

The markerboard is magnetic and requires rare earth magnets.

locker interior

If a 5 Door Locker Drawer is specified for any Harbour Hybrid Storage unit, the interior will include two coat/bag knobs for hanging, a top metal perforated tray, and a bottom divided section with metal perforated trays. The standard finish for the knobs, metal trays, and interior laminate is Storm White.

Interior dimensions:

9.7" wide x 21.4" long x 28.5" high.

locks

Locks are optional and available for both the 4 Door and 5 Drawer Locker units.

Locks are available in one finish only: Platinum.

power

If power is selected for Hybrid Storage Units (TKEC, TKED) or Tables (TKEE), power units are included.

Hybrid Storage Units (TKEC & TKED): the number of power units included depends on the selected power specification: left, right, or both. Each power unit features two power outlets and dual USB-A + USB-C charging (65W).

Tables (TKEE): if power is selected for (TKEE), two under-mount power units are included. Each power unit features one front power outlet, one USB-A + USB-C charging (65W), and one rear power outlet.

Standard Power Finishes:

- The power faceplate finish will match the selected hardware finish: Ebony, Platinum, Gilded Ash, Very White, or Soft Gold.
- Receptacles are standard in Black. When Very White hardware is selected, receptacles will be White.
- Standard power cord length is 120".

harbour hybrid storage, seating & tables

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

SEAT, BOLSTER AND BACK UPHOLSTERY		COM [yards]	COL [sq. ft.]
