petal

features

Petal Lounge provokes an essence of nature and mimics the blossoming of a flower with the natural organic curves of the chair. The sense of tranquility Petal brings into a space adds an inviting atmosphere to any room. Designed by the Studio TK Design team as an accent piece in a traditional lounge environment or used in multiples for a stand-alone greeting space, Petal can enhance any space.

Paired with an exposed plywood base or one of the two metal base options in an organic paint color, Petal exudes a natural calm. Petal includes three base styles including an exposed plywood base, an auto-return swivel disc base, and a four-leg metal base.
