- Edges can be specified in Straight trim (6), Bullnose Trim (2), Flintwood Straight (7), Flat Edge (G), Full Knife Edge (H), Solid Full Knife Edge (X), Solid Eased Edge (E)

lounge tables

Square (ATCSL) Circular (ATCCL)

café tables

Square (ATCSC) Circular (ATCCC)

bistro tables

Square (ATCSB) Circular (ATCCB)

dining tables

Square (ATCSD) Circular (ATCCD) Rectangular (ATCRD)

monopod base

standard t-leg

Rectangular Dining Table (ATCRD)

- No Casters available on Casual Tables
- Base options are available in Foundation or Mica colors

edge trim style overview

The chart below indicates which edge trim styles can be specified with all Casual Tables surface finishes.

- All edge finishes will automatically default to match the surface finish selected, with the exception of the Straight Trim (6) and Bullnose Trim (2) which requires that an edge finish be chosen
- Casual Table worksurfaces are 1" thick

		Foundation Laminate Surface	Flintwood Surface	Natural Veneer	Non-User Edge
Straight Trim (6) All Edges			n/a	n/a	Straight Trim (6)
Bullnose Trim (2) User Edge Only			n/a	n/a	Finished in a coordinating Straight Trim
Flintwood Straight Trim (7) All Edges		n/a		n/a	Flintwood Straight Trim (7)
Flat Edge (G) All Edges		n/a	n/a		Flat Edge (G)
Full Knife Edge (H) User Edge Only		n/a	n/a		Finished in a coordinating Flat edge
Solid Full Knife Edge (X) User Edge Only		n/a	n/a		Finished in a coordinating Flat edge
Solid Eased Edge (E) User Edge Only		n/a	n/a		Finished in a coordinating Flat edge

user edge & grain direction

Illustrations below show grain direction and user edges both with and without solid edges.

Shading indicates user edge

wood finish details

The following provides details on Teknion's Flintwoods and Natural Veneers.

flintwood & natural veneer

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Teknion provides a coordinated color match between individual product lines.

The variation in technology between Teknion's wood manufacturing facilities and the veneers that are utilized will cause fluctuation in the fill rates and sheen levels. All Flintwood worksurfaces and storage tops are closed pore. All Flintwood used in a vertical application is open pore (Table base infill, Storage Units Case, Focus Board). Natural Veneer in all applications is open pore.

Exposure to direct sunlight should be avoided as UV rays may cause the veneer color to change. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product. For more information on Teknion wood and cleaning instructions, see *Teknion's Fabrics and Finishes programs*.
