

The Access Door VDM Plates allow voice and data outlets to be mounted on the face of the Transit Access Door Elements (TADS/TADD).

WHAT'S INCLUDED

1 access door VDM Plate, fasteners.

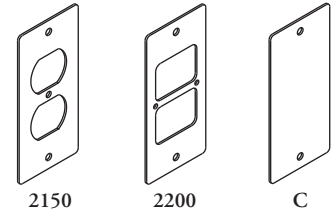

NOTES

Most existing special adapter plates will fit onto Transit Access Door Elements ordered after July 1997. For details, please see *Application Guidelines Access Door* at the beginning of the *Elements* section.

Special plates can be provided to accommodate non-standard Voice & Data Modules. Please contact your Teknion Customer Service Representative.

This item is Black.
