

worksurface supports & accessories

TLCL

C-Leg

The C-Leg provides non-handed, height-adjustable worksurface support within a panel-mounted, semi-supported or freestanding application.

WHAT'S INCLUDED

1 C-Leg, integral levelers, hardware, Mounting Kit (if specified).

NOTES

The FS Mounting Kit (TLCL3/4/5) is finished to match the support.

The Panel-Mounting Kit is finished in Black.

Modesty Panel required for freestanding applications.

Mounting Kits may be retrofitted.

Use flush plates in addition to cantilever on 30" deep worksurfaces.

Use deepest support on worksurfaces.
