

worksurface supports & accessories

TLFE Flush End

The Flush End provides non-handed fully-enclosed height-adjustable support at the end of a run of panel-mounted worksurfaces, semi-supported worksurfaces, or with Transit freestanding units.

WHAT'S INCLUDED

1 Flush End, fasteners, levelers, mounting kit (if specified).

NOTES

The FS Single Mounting Kit is finished to match the support.

Modesty panel required for freestanding application.

Mounting Kits may be retrofitted.

The Panel Mount Kit is Black.
