zones solo lounge chair overview

Like us, Zones Solo Lounge Chairs can work alone or with others in their group. Their fluid upholstered form and slight angular recline provide a fresh perspective outside of our box, a zone in which we can think, read, write and discuss. The top-wrapped headrest on the High-Back version pillows the head while the optional, fixed, loop metal armrests envelop and support us. The Low-Wide Back model has a lower profile which is more ideal for areas where open sight lines are preferred.

ZNSX

Single Upholstered Seat:

Cushioned headrest on High-Back version provides additional comfort and privacy. Low-Wide Back version is appropriate in public spaces where lower sight-lines are required.

Profiled form provides 112˚ angle between seat and back for a more casual, reclined posture.

Swivel-Tilt mechanism with self-return facilitates ease of use and organization of space. Provides 8˚ of recline from the pivot-point below the seat.

16" high fixed seat height.

Metal 4-Prong Base:

In Polished Aluminum or Paint finish.

Multi surface non-marking glides.

zones solo lounge chair – high back dimensions & material requirements

ZNSXH

- For Conversion to Metric, multiply dimension by 25.4
- Zones Lounge Chairs have been designed and tested for users weighing up to 300 lbs.

WEIGHT	
Zones Solo Lounge Chair – High-Back with No Arms	39 lbs
Zones Solo Lounge Chair – High-Back with Metal Loop Arms	47 lbs

COM/COL Material Requirement

The pattern, repeat and directionality of fabric may increase the amount of yardage required. Leather quantities should always be rounded up to the next hide size, as yields vary from 60-80% and are affected by the quality, size and shape of the hide, and by the location and quantity of blemishes.
