

FEATURES

- Add-On Tablets are installed on-site in a fixed position
- Personal, End of Run Add-On Tablets are handed left and right from the seated position and provide a finished end to the Modular Seating run
- Painted finish on metal support
- Tablets are Baltic-Birch plywood substrate with knife-edge profile. For veneer applications, grain direction is front to back
- Personal Tablet style is rectangular 11" wide x 16" deep and for individual use for an individual sitting on the bench using a laptop, with books or beverage
- Shared Tablet Style is 22" diameter and intended for up to two users with books or beverages. Both users may be sitting on the bench or one user on the bench and one on a free-standing chair
- Metal support is mounted to bench leg (at the location where a Bench End Cap (ZNQR) or Ganging Mechanism may typically be mounted)

NOTES

A Bench End Cap (ZNQR) is not required when the Personal, End of Run Add-On Tablet (E) is specified.
