

FEATURES

- In-Line Tables are installed on-site in a fixed position between two benches. In-Line Tables are not recommended to be used freestanding
- Painted finish on metal legs
- Tables are Beech Veneer on plywood substrate with flat edge profile. For veneer applications, grain direction is front to back
- Includes one factory installed non-handed relocatable Ganging Mechanism, Zones – Bench End Cap (ZNQR) must be ordered separately if unit is positioned at the end of run

EXTRAS

- Optional cut-out is located in center of table surface to accept Zones Table Lamp (ZNETL4) for Zones Modular Seating In-Line Table (includes grommet). Table Lamp must be purchased separately
- If an In-Line Table is applied at the end of a run, Bench End Caps (ZNQR) must be ordered separately

NOTES

The In-Line Table is 18" wide & designed to be a similar profile to the seat of the adjacent bench. At 15-5/8" high it sits approximately 2" lower than the seat of the bench (height will vary relative to upholstery thickness).
