

Z N Q U

Zones – End of Line Table

FEATURES

- End of Line Tables are cantilevered surfaces that are installed on-site in a fixed position at the end of a run of benches. End of Line Tables **cannot** be freestanding and are not intended for use as a seating device
- Tables are Baltic-Birch plywood substrate with flat-edge profile. For veneer applications, grain direction is front to back
- Includes one factory installed non-handed relocatable Ganging Mechanism, Zones – Bench End Cap (ZNQR) must be ordered separately if unit is positioned at the end of run

EXTRAS

- Light **cannot** be mounted on the End of Line Table
- Ganging Mechanism must be removed on adjacent leg in order to install End of Line Table
- A Bench End Cap (ZNQR) is not required when End of Line Table is specified
- End of Line Table **cannot** be used between two benches

NOTES

The End-of-Line Table is 12" wide & designed to sit approximately 2" below the surface level of the adjacent bench but have a similar design profile.
