

FEATURES

- Includes one arm
- Arms are unhandled and are 9" high above seat height
- Painted finish on metal
- Installed on-site

EXTRAS

- End of Run Arms may be installed on the exposed bench leg at the beginning or end of run and **cannot** be applied mid-run. One Ganging Mechanism must be removed to accommodate the Arm at the End of Run
- An End Cap (ZNQR) is not required when an Arm in End of Run style (E) is applied to a Bench at the end of a run
